

SURCLA PRESENTS: *CINE BARRIO*

**FREE COMMUNITY SCREENING PROGRAMME ORGANISED BY
THE SYDNEY LATIN AMERICAN FILM FESTIVAL 2009
AND HOSTED BY SURCLA (Sydney University Research Community for Latin America)**

SURCLA invites students, staff and the general public to a documentary screening organised by the Sydney Latin American Film Festival. *All welcome!*

THE OTHER CUP / LA OTRA COPA (Documentary)

Director: Damian Cukierkorn
Year: 2006
Country: Argentina
Duration: 90min
Genre: Feature Documentary
Language: Spanish w/ English subtitles

**OFFICIAL SELECTION, INTERNATIONAL DOCUMENTARY FILM
FESTIVAL, AMSTERDAM 2006**

For the first time in history, an Argentinean team is participating in the World Football Championships for homeless people. This is a chance to escape the daily grind of living on the street in Buenos Aires. They train hard to get on the team, dream about a better life and hope for an experience that will change everything. However getting to the World Cup takes more than just practice, they also need money and a passport to Sweden. The Other Cup is a captivating portrait of people who have found themselves living on the street and who suddenly regain hope for a better future.

When: Friday August 28, 6.00 pm
Where: Lecture Theatre 026, New Law Building,
Camperdown Campus.

ABOUT CINE BARRIO

This year, SLAFF has been fortunate to receive funding from the City of Sydney to run its new project: *Cine Barrio – free community screenings*.

Cine Barrio aims to provide screenings to community groups where there is a risk of community disassociation – we believe that film has the power to inspire and transform.

ABOUT SYDNEY LATIN AMERICAN FILM FESTIVAL

The Sydney Latin American Film Festival (SLAFF) is a not-for-profit organisation made up of a volunteer crew working together on the development and delivery of the Festival. The individuals working under the Festival banner share a common interest in Latin American culture, film and community development.

SLAFF aims to share a broad spectrum of films from and about Latin America with local audiences, while raising funds and awareness for a number of vital community projects through its Community Support Program. This program recognises and financially supports the ongoing work of community development organisations across the Latin American region. The 4th Festival is scheduled for 2-13 September 2009.

ABOUT SURCLA

The main aim of SURCLA is to promote interdisciplinary research and teaching on Latin America as well as establishing the University of Sydney as the leading institution in Australia for the study of Latin America. Although SURCLA is based in the University of Sydney, the members envisage that it would foster academic and cultural links with other Australian institutions as well as bring students and scholars from different Latin American countries to the University. SURCLA aims to establish links with professional and community based organizations and institutions as a means to increase the visibility of the significant expertise on Latin American Studies in Australia.
